

**CARP V Decisions Spreadsheets – State Commission Comments – June 8, 2009**

Minnesota – Burl Haar	The Minnesota Commission and the Minnesota Office of Energy Security have reviewed the Modeling Variables and the Futures Matrix distributed on May 29 <sup>th</sup> after the recent CARP meeting in Carmel and believe the designated values are reasonable for application to the Midwest ISO footprint for the period specified.
North Dakota – Jerry Lein	This is to let everyone know that DND has resolved its issues with fuel escalation rates and will not seek to change the coal escalation rate.
Pennsylvania – Jim Melia	No comments from Pennsylvania.
Wisconsin – Dennis Koepke	These look fine.
