

ORGANIZATION OF MISO STATES, INC.
and
THE MIDWEST INDEPENDENT TRANSMISSION SYSTEM OPERATOR, INC.
June 11, 2003

OMS FUNDING AGREEMENT

Statement of Purpose

This is to confirm the terms of the Agreement by which the Midwest Independent Transmission System Operator, Inc. ("Midwest ISO" or "MISO"), will provide administrative funding to the Organization of MISO States, Inc. ("OMS") in connection with implementing the OMS function as it relates to the Midwest ISO. The OMS and the Midwest ISO in crafting this agreement look forward to establishment of a long and productive relationship between the two organizations, working together with all industry participants to create and maintain efficient and reliable wholesale electric markets throughout the Midwest region.

Assurance of Independence

OMS independence is a fundamental principle of this Agreement. The OMS retains exclusive control over its operations.

Role of the OMS

The Organization of MISO States, Inc. is a non-profit, self-governing organization comprised of representatives of each State with regulatory jurisdiction over entities within the MISO footprint. The OMS is still in the formative stages, so the exact mechanisms for its interaction with the MISO are evolving. However, the OMS will, consistent with its scope of responsibility and the combined jurisdictional authorities of its members, make recommendations to the MISO, the MISO Board of Directors, the Federal Energy Regulatory Commission (FERC), other relevant government agencies, and State Commissions as appropriate.

Term of Agreement

This Agreement shall become effective on June 15, 2003 and continue unless terminated as provided herein.

Initial Payment Provisions

The initial period covered by the Agreement will be from June 15, 2003 through December 31, 2003. The initial OMS budget of \$500,000 (five hundred thousand dollars) approved by the OMS and the MISO Board of Directors will cover this initial period, and is incorporated by reference herein. An initial payment of \$200,000 will be made by the MISO to the OMS on June 15, 2003 and equal installments will be made on the 15th day of each month thereafter.

Termination Provisions

This Agreement may be terminated by mutual consent. Other than by mutual consent, termination of the Agreement must be accomplished as follows. If the OMS determines that it is no longer willing or able to operate, it will provide not less than 180 days notice before terminating this Agreement. Termination initiated by MISO must provide the OMS at least 180 days prior notice and the opportunity to appeal the MISO termination decision to the FERC. In the event that this Agreement is terminated, the OMS shall be reimbursed for any expenses properly incurred prior to such termination.

Budget Process

A biennial budget for the OMS will be prepared by the OMS and submitted to the Midwest ISO not less than 120 days prior to end of each calendar year (rolling two-year budget). This budget will be publicly available and approved by the Board of Directors through the Midwest ISO budget process.

Auditing Function

The OMS will conduct an independent audit of its operating expenses to ensure that all expenditures are properly accounted for.

Budget Tracking

The OMS is responsible for informing the Midwest ISO when total accrued amounts for services and expenditures reach 75% of the total agreed annual budget. Upon review of expenses, the OMS may notify MISO that additional funding is necessary or existing funding is more than sufficient. If additional funding is requested, the OMS will explain the rationale necessitating such increase in funding. In the event that revenues for a particular period may exceed expenses, the OMS may notify the MISO that the next installment payment may be postponed until further requested by the OMS. It is understood that determination of budget amounts and scheduled release of funds will be independent of the substantive content of OMS decisions or actions.

Funding Schedule

With the exception of initial start-up funding as set forth herein under Initial Payment Provisions, funds shall be forwarded to the OMS account in equal installments on a monthly basis.

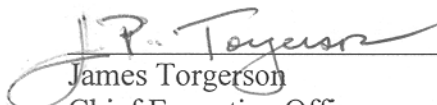

Dispute Resolution

Disputes between the MISO and the OMS regarding this Agreement or the OMS budget shall be submitted to the FERC for resolution.

Applicable State Law

The operations and expenditures of the OMS shall be administered by the OMS as a 501 (C)(4) not-for-profit organization. This Agreement, and the rights and obligations of the parties

thereunder, shall be governed by the laws of the State of Indiana.

**FIRST AMENDMENT TO THE
OMS FUNDING AGREEMENT**

THIS FIRST AMENDMENT (“Amendment”) to the OMS Funding Agreement fully executed on June 11, 2003 (“Agreement”), between the Organization of MISO States, Inc. (“OMS”) and Midcontinent Independent System Operator, Inc. (“MISO”), is made effective as of the 13th day of August, 2020. Any capitalized term used herein but not defined herein shall have the meaning assigned to such term in the Agreement. In the event of a conflict or ambiguity between any term of this Amendment and the Agreement, the terms of this Amendment shall prevail.

BACKGROUND

The Parties desire to amend the Agreement to modify the current budget management practice by revising the timeline of the annual true-up process and adding a financial ceiling. These changes will prevent instances of excessive cash on hand.

AMENDMENTS

1. Amendment to Budget Tracking.

The Budget Tracking section on page 2 of the Agreement is amended to add the following:

“OMS and MISO agree that it is financially prudent for OMS to maintain a contingency fund. The Parties agree to an annual initial contingency fund balance of \$100,000.

After completion of a calendar year, the OMS’s un-audited cash end of year total will be used to calculate the amount of cash in excess of a \$100,000 contingency fund. The OMS Executive Director will direct MISO to suspend MISO monthly remittances in an amount equal to [un-audited Cash End of Year - \$100,000].

In addition, if the combined balance of the OMS’s checking and savings accounts exceeds \$500,000 at the end of a month, then the OMS Executive Director will request MISO not issue the following month’s remittance and/or may directly return excess cash to MISO.”

EFFECT OF AMENDMENTS

All other provisions of the Agreement not amended hereby remain unchanged and in full force and effect.

COUNTERPARTS

This Amendment may be executed in counterparts, each of which shall be deemed to be an original, and all of which shall constitute the same agreement.

IN WITNESS WHEREOF, each Party has caused this Amendment to be executed by its authorized representative as of the date(s) written below.
